NAICS Code Online Search

Recently Roger Gantzarow alerted me that there is an up-to-date website where you can search for NAICS codes. It is www.naics.com. Use the first link at the top of the page, [2002 U.S. NAICS Code Online Search](#), to search by keyword, NAICS code or SIC code.

This website should come in handy for those times when you need to add a site in ERS and don't know what the NAICS code should be, or when the NAICS code assigned by the system appears to be inaccurate.

Happy New Year!
