Three New WebIntelligence Reports Available

Three new WebIntelligence reports are available. These reports list information about the activities provided to an employer within a range of dates selected by the staff person running the report. The report names are:

- ERS Activities Provided Employers by Contact Date and Agency
- ERS Activities Provided Employers by Contact Date and County
- ERS Activities Provided Employers by Contact Date and WDA

When logging in to WebIntelligence's Corporate Documents page, remember to click the Refresh List button in the black bar along the top of the display area to see the new reports.
