
JobNet Business

April 4, 2006

JobNet and JobNet Business will be unavailable beginning at 3:00 p.m. on Saturday, April 8th. The outage is expected to continue until 9:00 p.m. on Saturday. Other systems, such as ASSET, Outlook, and the data warehouses, will also be unavailable. The systems will be unavailable due to work being done to increase disk space on the H:\ and S:\ drives on the super server.

A message will be posted on the JobNet Business Employer login page, and on the employer's Welcome page, alerting users that JobNet Business is unavailable for a period of time on Saturday.
